Saveetha Institute of Medical and Technical Sciences
Chennai- 602105

Student Name: Judy Allen J

Reg. No.:192520055

Course Code: CSA0509

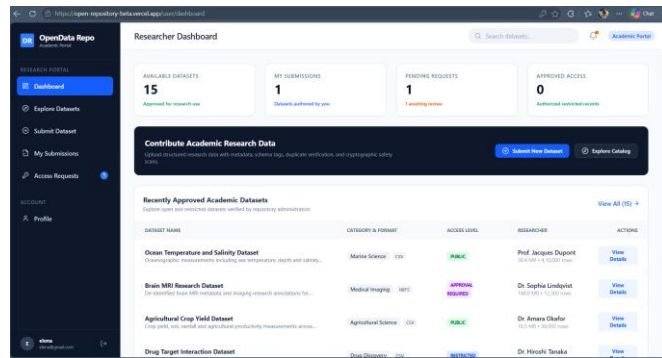

Slot: A

Course Name: Database Management Systems

Course Faculty: Dr R Kesavan

Project Title: DataMesh Connect: Distributed Open Data Collaboration Platform

Module Photographs:

Project Description:

MODULE 1: Secure Dataset Management & Access Control

Objective

To securely manage and share academic datasets with controlled access.

Module Description

This module allows researchers to submit, explore, and request access to datasets. Administrators verify submissions and manage approvals using Cloud Firestore.

Key Functions Performed

- Secure user and admin authentication
- Dataset submission and management
- Public and restricted dataset access
- Admin approval and security checks
- Cloud Firestore data storage

Outcome

Provides secure, organized, and controlled academic dataset sharing.
